

# SUBSTITUTION means EVOLUTION

17 June 2015, Brussels

Royal Flemish Academy of Belgium for Sciences and Arts (KVAB)

All you need to know about substitution of critical raw materials in Europe  
in one conference!

## Why attend?

- ✓ Learn about the opportunities provided by substitution and how it can solve technological challenges.
- ✓ Witness the state of play of substitution of CRMs in Europe with keynote speeches from companies and government bodies.
- ✓ Meet up with key EU industrial sectors in the area of substitution.
- ✓ Engage in discussions during dedicated panel debates to implement recommendations towards a European circular economy.
- ✓ Discuss with policy makers, industrial players, entrepreneurs and academia during the networking cocktail.
- ✓ Become part of the [Innovation Network](#) and meet potential partners for substitution projects in Horizon 2020
- ✓ Explore applications of substitution in the exhibition area!

## Join our exhibition!

Do you have a new technology or material you wish to share with the community? Drop us an email at [man@cefic.be](mailto:man@cefic.be) and we can organise a stand for you!
