

**EURO-MEDITERRANEAN COOPERATION
ON RESEARCH & TRAINING
IN SUN BASED RENEWABLE ENERGIES
(EUROSUNMED)**

“State of the Art on Renewable Electricity Generation”

**EUROSUNMED International School and Workshop
on Photovoltaics, Concentrated Solar Power,
Storage and Grid Integration**

**7-11 April 2014
Rabat, Morocco**

Applications are now open!

**Apply online until 10 February 2014 (23:59 CET) at
www.eurosunmed.eu**

In the frame of EUROSUNMED project, an International School and Workshop on Photovoltaics, Concentrated Solar Power, Storage and Grid Integration are organized from 7 to 11 April 2014 in Rabat (Morocco). These events will be hosted by the Moroccan Foundation for Advanced Science, Innovation and Research (MAScIR).

The events will open with four days of International School (lectures for PhD and PostDoc-level students) and conclude with a one-day Workshop with keynote speakers capturing the latest developments in the area of renewable electricity generation. The Workshop is organized in collaboration with REELCOOP (Research Cooperation in Renewable Energy Technologies for Electricity Generation).

Please note that the number of participants is limited. An advanced level of English is a requirement for registering, as all presentations will be given in English.

The application form, as well as information on how to apply for financial support (students only), can be accessed at the EUROSUNMED website.

For more information, please see www.eurosunmed.eu.

EUROSUNMED is project funded by
the European Commission
under the ENERGY theme of the
7th Framework Programme (FP7-ENERGY)
