# OVERVIEW AND SPONSORSHIP OPPORTUNITY

---

The International Conference on Nitride Semiconductors is the major international forum for learning about new developments in nitride semiconductors. The ICNS12 conference will present high impact scientific and technological advances in materials and devices based on group-III nitride semiconductors. The conference is featured by plenary sessions, parallel topical sessions, poster sessions and an industrial exhibition.

This biennial conference is the twelfth of a series. It follows the first conference held in Nagoya, Japan (TWN'95); the second in Tokushima, Japan (ICNS2); the third in Montpellier, France (ICNS3); the fourth in Denver, USA (ICNS4); the fifth in Nara, Japan (ICNS5); the sixth in Bremen, Germany (ICNS6); the seventh in Las Vegas, USA (ICNS7); the eighth in Jeju, Korea (ICNS8); the ninth in Glasgow, UK (ICNS9); the tenth in Washington D.C. USA (ICNS10) and the 11th in Beijing, China (ICNS11).

ICNS12 will give all delegates the opportunity to share knowledge and experiences in these fields and associated technological processes.

Around 1000 delegates from across the world are expected to attend this major event.

The Conference also provides a unique opportunity to reach decision-makers in the industry.

There will be a rich programme of social events in which the delegates and their partners can choose to participate.

This is your opportunity to meet a large internationally-based group of research directors, managers, project leaders and development engineers working in all fields of nitride semiconductors and their applications.

Financial contributions to the ICNS12 are invited from high-profile suppliers and organisations in this field.

**Different levels of sponsoring described below will enable you to access to special services chosen to promote your company.**

**Should you wish to consider any other form of sponsoring (insertion of your company advertisement in the conference bags, cords and badges supports, pads and pens in the conference bags, etc...), contact us, please : [emrs@european-mrs.com](mailto:emrs@european-mrs.com)**
