

12- 2 US research for PV development and CO₂ for energy storage

Desert Research Institute (DRI), Reno, NV, USA

1. Wind generator
2. Solar panels
3. Photo chemical water splitter
4. Internal combustion generator
5. Electrolyzer
6. Methanation reactor
7. Methane, hydrogen, and oxygen storage tanks

Desert Research Institute (DRI), Reno, NV USA.

RCO2 Phase 1
