

## GENERAL INFORMATION

The 2022 E-MRS SPRING MEETING will be held from 30 May to 3 June 2022 in a form of virtual conference.

The conference format will be a combination of asynchronous and synchronous modes. The conference papers and posters will be pre-recorded and all authors will be requested to send their recorded presentations by **9 May 2022**, using the upload link which will be provided by event organiser. This will help us alleviate the challenges related to time differences between the continents as well as prevent technical issues during the Meeting. The pre-recorded talks will be than played from the videos during a time-slot for a certain session. A live Q&A and discussion will follow the display of the presentations videos.

Few days before the event all participants will be provided with a link to access the event platform (PINE Tool) in the invitation e-mail sent from PINE. All participants will be asked to set-up an account to access the sessions, providing e-mail address and creating a password.

All sessions (both plenaries and parallel) will be organized using PINE Tool. Plenary speakers and symposiums chairs will be offered a series of training sessions to learn software features

## Deadlines

### 10 March 22

Authors will be notified of abstract / paper acceptance and mode of the presentation by 10 March 2022 at the latest.

### 15 April 22

Programme of each symposium will be prepared up to 15 April 22. Session chairs are strongly requested to keep this deadline.

**To make the session schedule clear and precise, please keep the guidelines provided below while creating it:**

1. assign 30 minutes for invited talks (for presentation only; authors of the contributions accepted as invited talks will be given 30 minutes as the length of their video);
2. assign 15 minutes for contributed talks (for presentation only; authors of the contributions accepted as regular oral talks will be given 15 minutes as the length of their video);
3. Q&A and discussion will follow the last presentation presented in the session (last video played; there will be no Q&A slots following each presentation);
4. limit number of presentations in one session to 6; if there is more than 6 presentations to be included in the session, please divide this session in 2 separate sessions;
5. limit for chairs assigned to lead each session is 2.

### 9 May 22

The deadline for uploading presentations is 9 May 22 (for invited, contributed presentation and poster presentations). Instruction will be sent after the abstract / paper acceptance letters are sent.

**9 - 27 May 22**

Training sessions for chairs and speakers will be scheduled.

Should you need further assistance as far as your presentation preparation is concerned, please contact our technical staff at [emrsspring@nobell.pl](mailto:emrsspring@nobell.pl)
