THE E-MRS IN BRIEF

Founded in 1983, the European Materials Research Society (E-MRS) now has more than 4,000 members from industry, government, academia and research laboratories, who meet regularly to debate on recent technological developments of functional materials. The E-MRS differs from many single-discipline professional societies by encouraging scientists, engineers and research managers to exchange information on an interdisciplinary platform, and by recognizing professional and technical excellence by promoting awards for achievement from student to senior scientist level.

As an adhering body of the International Union of Materials Research Societies (IUMRS), the E-MRS enjoys and benefits from very close relationships with other Materials Research organizations elsewhere in Europe and around the world.

Each year, E-MRS organizes, co-organizes, sponsors or co-sponsors numerous scientific events and meetings. The major society conference, the E-MRS Spring Meeting, is organized every year in May or June, and offers on average 25 topical symposia. It is widely recognized as being of the highest international significance and is the greatest of its kind in Europe with about 2,500 attendees every year.

Each symposium publishes its own proceedings that document the latest experimental and theoretical understanding of material growth and properties, the exploitation of new advanced processes, and the development of electronic devices that can benefit best from the outstanding physical properties of functional materials.

A unique audience

The 2024 E-MRS Exhibition will provide a unique opportunity to present innovative products and services of interest to the materials community.

SCIENTIFIC PROGRAM 2024

DECARBONIZED ENERGY AND SUSTAINABILITY

- A** Advanced thin films for energy and sustainable applications
- B** Advancing sustainable organic photovoltaics: from experiments and materials to applications and device models
- C** Membranes for energy and the environment
- D** Sustainable thermoelectric materials and applications

MATERIALS FOR HUMAN WELL-BEING

- E** Smart textiles for human health and well-being
- F** Advanced and sustainable coatings for high performance textiles
- G** Nanomaterials for healthcare and biomedical engineering

2D MATERIALS AND SURFACES: SYNTHESIS, CHARACTERIZATION AND PERSPECTIVES

- H** Nanocarbons: from synthesis to advanced applications
- I** Nano-engineered coatings and thin films: from fundamentals to applications
- J** Chemical functionalization of 2D materials
- K** Synthesis, processing and characterization of nanoscale multi-functional oxide films X and 8th E-MRS & MRS-J bilateral symposium

ADVANCED CHARACTERIZATION OF MATERIALS

- L** ALTECH 2024 - Analytical techniques for accurate nanoscale characterization of advanced materials
- M** Materials technologies for controlling liquid-surface interactions from wetting to icing

MATERIALS SCIENCES FOR CULTURAL HERITAGE

- N** Cultural heritage and materials science: unveiling the past, inspiring the future

ELECTRONICS, MAGNETICS AND PHOTONICS

- O** Future photovoltaics based on earth abundant materials
- P** Self-powered sensors based on nanogenerators
- Q** Polaritonics for next generation materials
- R** Progress in unconventional electronics and sustainable flexible sensing technologies
- S** Semiconductor nanostructures towards opto-electronic and photonic device applications - IX
- T** Doping in organic semiconductors: fundamentals, materials and applications
- U** Synthesis, physical properties and applications of advanced nanocrystalline materials

SPONSORSHIP & ADVERTISING

E-MRS Sponsorship can help you raise awareness of your company, promote brand image and visibility, publicize a new product or generate quality sales leads.

The following packages have been designed:

CONFERENCE SPONSOR PACKAGE 1.500€

- Logo on the conference webpage with a link to the sponsor's webpage
- Logo on conference program (pdf version)
- Logo displayed at the main entrance and exhibition hall
- Company listed as a conference partner

SYMPOSIUM SPONSOR PACKAGE **FREE AMOUNT NO LESS THAN 500€**

- Logo on the selected symposium webpage with a link to the sponsor's webpage
- Logo on conference program (pdf version)
- Logo displayed at the entrance of the selected symposium room

BOOKING SYSTEM

Companies interested in investing in an E-MRS sponsorship should go to the webpage:
