THE E-MRS IN BRIEF

Founded in 1983, the European Materials Research Society (E-MRS) now has more than 4,000 members from industry, government, academia and research laboratories, who meet regularly to debate on recent technological developments of functional materials. The E-MRS differs from many single-discipline professional societies by encouraging scientists, engineers and research managers to exchange information on an interdisciplinary platform, and by recognizing professional and technical excellence by promoting awards for achievement from student to senior scientist level.

As an adhering body of the International Union of Materials Research Societies (IUMRS), the E-MRS enjoys and benefits from very close relationships with other Materials Research organizations elsewhere in Europe and around the world.

Each year, E-MRS organizes, co-organizes, sponsors or co-sponsors numerous scientific events and meetings. The major society conference, the E-MRS Spring Meeting & Exhibit, is organized every year in May or June, and offers on average 25 topical symposia. It is widely recognized as being of the highest international significance and is the greatest of its kind in Europe with about 2,500 attendees every year.

Each symposium publishes its own proceedings that document the latest experimental and theoretical understanding of material growth and properties, the exploitation of new advanced processes, and the development of electronic devices that can benefit best from the outstanding physical properties of functional materials.

A unique audience

The 2026 E-MRS Exhibit will provide a unique opportunity to present innovative products and services of interest to the materials community.

23 Spring Meeting	24 Spring Meeting	25 Spring Meeting
21 symposia	22 symposia	23 symposia
2.200 attendees	2.190 attendees	2.335 attendees
108 attendees/sympo	100 attendees/sympo	102 attendees/sympo

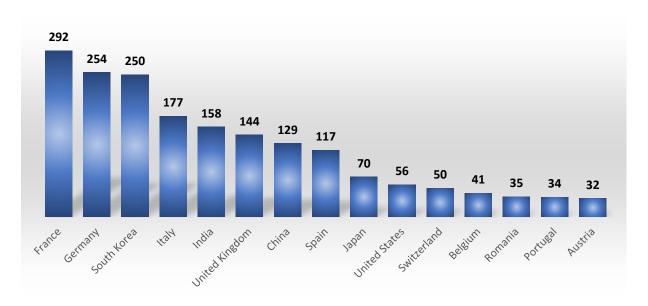

TOP 10 AT SPRING MEETING 2025 - GEOGRAPHICAL ANALYSIS

The E-MRS Spring Meeting draws an audience from 56 different countries. Representing quality and quantity, this audience comprises key decision-makers involved in the field of materials research.

European Materials Research Society

2026 Spring Meeting

May 25 - 29 | Strasbourg Convention Centre

SCIENTIFIC PROGRAM 2026

THIN FILMS: FROM GROWTH TO PROCESSING AND APPLICATIONS

- **A** Thin-film chalcogenide materials for PV and solar energy conversion
- **B** Nano-engineered coatings and thin films: from design to applications
- Synthesis, processing and characterization of nanoscale multi functional oxide films X and 10th E-MRS & MRS-J bilateral symposium
- Hybrid integration and multiphysics nanomaterials for photonic devices and circuits
- **E** Data-based methods and AI for the development and processing of advanced materials

MATERIALS FOR SUSTAINABLE ENERGY AND SENSING

- **F** Engineered nanomaterials for energy and environment: from synthesis to applications
- **G** Future photovoltaics based on earth abundant materials II
- **H** Interdisciplinary approaches in materials science for addressing energy/ environmental challenges
- I Nanogenerators and smart sensing systems
- J NAnoMaterials for Energy applications
- **K** Photo and electrochemical systems for value added synthesis
- L Towards printed and stable organic photovoltaics from non-fullerene acceptors

MATERIALS AND TECHNOLOGIES FOR PHOTONICS AND ELECTRONICS

- **M** Emergent ferroelectric thin films
- **N** Innovation and sustainability through material laser processing: Advancing knowledge and emerging applications
- Polaritonics for next generation materials
- P Chiral materials at all scales

HYBRID, FUNCTIONAL AND POLYMERIC MATERIALS FOR VARIOUS APPLICATIONS (BIOMEDICAL, CULTURAL HERITAGE, SUSTAINABILITY)

- **Q** Polymer materials: frontiers in science, engineering and technology
- R Chirality in inorganic solids: from dissymmetry to functional properties
- **S** Material-related problems of neuromorphic technologies
- T Nanocarbons II: from synthesis to advanced applications
- **U** Nanomaterials for healthcare and biomedical engineering
- V Nanoparticles in solution: synthesis, characterization and assembly
- **W** Synthesis and characterization of functional nanocomposite materials
- **X** Cultural Heritage: materials, methods, practice and innovation

INDUSTRIAL FORUM

The forum will take place in a separated seating area inside the exhibition hall. We offer all exhibitors with a booth to present themselves/their companies in one of two categories:

- 1. New industrial products and services
- 2. New opportunities and open positions at your company (e.g.: projects, jobs or internships).

Time slots available will be for 15 minutes (talk plus subsequent discussion/Q&A). The forum is open to all participants. More details on:

https://www.european-mrs.com/meetings/2026-spring/industrial-forum

European Materials Research Society

2026 Spring Meeting

May 25 - 29 | Strasbourg Convention Centre

SPONSORSHIP & ADVERTISING

The following packages have been designed:

EXCLUSIVE EVENT TOTE FOR PARTICIPANTS

2.500€

Supply 2.500 tote bags to be distributed to all participants upon their arrival

BRANDED BADGES FOR ALL PARTICIPANTS

2.000€

Logo displayed on all participants' badges (limited to 2 logos)

EXCLUSIVE GIVEAWAY PEN

1.000€

Supply 2.500 pens to be distributed to all participants upon their arrival

CONFERENCE SPONSOR PACKAGE

2.000€

- Company listed as "Conference partner"
- Logo on the conference webpage with a link to the sponsor's webpage
- Logo on conference program (pdf version)
- Logo displayed at the Main entrance and Exhibition hall
- Logo in all event promotion emails
- Recognition during plenary session / Young Research Awards ceremony

SYMPOSIUM SPONSOR PACKAGE (two symposia)

1.800€

- Company listed as symposium partner
- Logo on the selected symposium webpage with a link to the sponsor's webpage
- Logo on symposium program (pdf version)
- Logo displayed at the entrance of the selected symposium room

SYMPOSIUM SPONSOR PACKAGE (one symposium)

1.000€

- Company listed as symposium partner
- Logo on the selected symposium webpage with a link to the sponsor's webpage
- Logo on symposium program (pdf version)
- Logo displayed at the entrance of the selected symposium room

SYMPOSIUM SPONSOR PACKAGE (one symposium - ONLINE only) 500€

- Company listed as symposium partner
- Logo on the selected symposium webpage with a link to the sponsor's webpage
- Logo on conference program (pdf version)

If you are interested in financially support either the conference and/or a symposium with a different amount or more than 2.000 €, please contact us by email to emrs@european-mrs.com

May 25 - 29 | Strasbourg Convention Centre

BOOKING SYSTEM

Companies interested in investing in an E-MRS sponsorship should go to the webpage:

https://secure.key4events.com/key4register/group.aspx?e=1974

1. Sign up and register.

WELCOME To book a booth space and/or a sponsor package, please click HERE to sign up. User name Password Forgotten password CONNECT

2. Fill in all the data carefully, as they will be used for issuing the invoice.

May 25 - 29 | Strasbourg Convention Centre

3. Choose "Manage your partnership".

- 4. Select your product by ticking the box:
 - CONFERENCE SPONSOR PACKAGE" or
 - SYMPOSIUM SPONSOR PACKAGE".
 - Tick the box of the symposium you wish to support
 - Click "Next step".

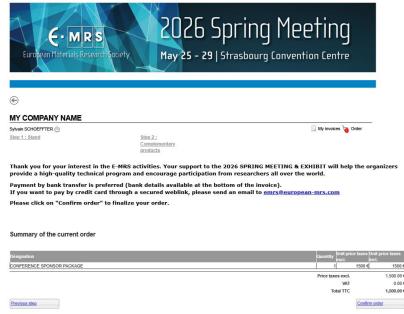

Choice of complementary products :

	Product	Unit price taxes excl.	Unit price taxes incl.
0	CONFERENCE SPONSOR PACKAGE	1,500.00 4	1,500.0
)	SYMPOSIUM SPONSOR PACKAGE	1,000.00 €	1,000.0
3	SYMPOSIUM SPONSOR PACKAGE	500.00 6	500.0
	Choose your symposium		
)	Symposium A. Thin-film chalcogenide materials for PV and solar energy conversion	0.00 4	
	Symposium B. Nano-engineered coatings and thin films: from design to applications	0.00 €	
	Symposium C. Syrifhesis, processing and characterization of nanoscale multi functional oxide films X and 10th E-MRS & MRS-1 bilateral symposium	0.00 4	
	Symposium D. Hybrid integration and multiphysics nanormaterials for photonic devices and circuits	0.00 €	
	Dymposium E. Dats-based methods and Al for the development and processing of advanced materials	0.00 €	
	Symposium F. Engineered nanomaterials for energy and environment: from synthesis to applications	0.00 6	
	Symposium G. Future photovoltaics based on earth abundant materials II	0.00 €	
	Dymposium H. Intendisciplinary approaches in materials science for addressing energy/environmental challenges	0.00 4	
	Symposium I. Nanogenerators and smart sensing systems	0.00 €	
	Dymposium J. NAnoMaterials for Energy applications	0.00 €	
	Symposium K. Photo and electrochemical systems for value added synthesis	0.00 €	
	Dymposium L. Towards printed and stable organic photovoltaics from non-fullenene acceptors	0.00 €	
	Symposium M. Emergent ferroelectric thin films	0.00 4
