THE E-MRS IN BRIEF

Founded in 1983, the European Materials Research Society (E-MRS) now has more than 4,000 members from industry, government, academia and research laboratories, who meet regularly to debate on recent technological developments of functional materials. The E-MRS differs from many single-discipline professional societies by encouraging scientists, engineers and research managers to exchange information on an interdisciplinary platform, and by recognizing professional and technical excellence by promoting awards for achievement from student to senior scientist level.

As an adhering body of the International Union of Materials Research Societies (IUMRS), the E-MRS enjoys and benefits from very close relationships with other Materials Research organizations elsewhere in Europe and around the world.

Each year, E-MRS organizes, co-organizes, sponsors or co-sponsors numerous scientific events and meetings. The major society conference, the E-MRS Spring Meeting & Exhibit, is organized every year in May or June, and offers on average 25 topical symposia. It is widely recognized as being of the highest international significance and is the greatest of its kind in Europe with about 2,500 attendees every year.

Each symposium publishes its own proceedings that document the latest experimental and theoretical understanding of material growth and properties, the exploitation of new advanced processes, and the development of electronic devices that can benefit best from the outstanding physical properties of functional materials.

A unique audience

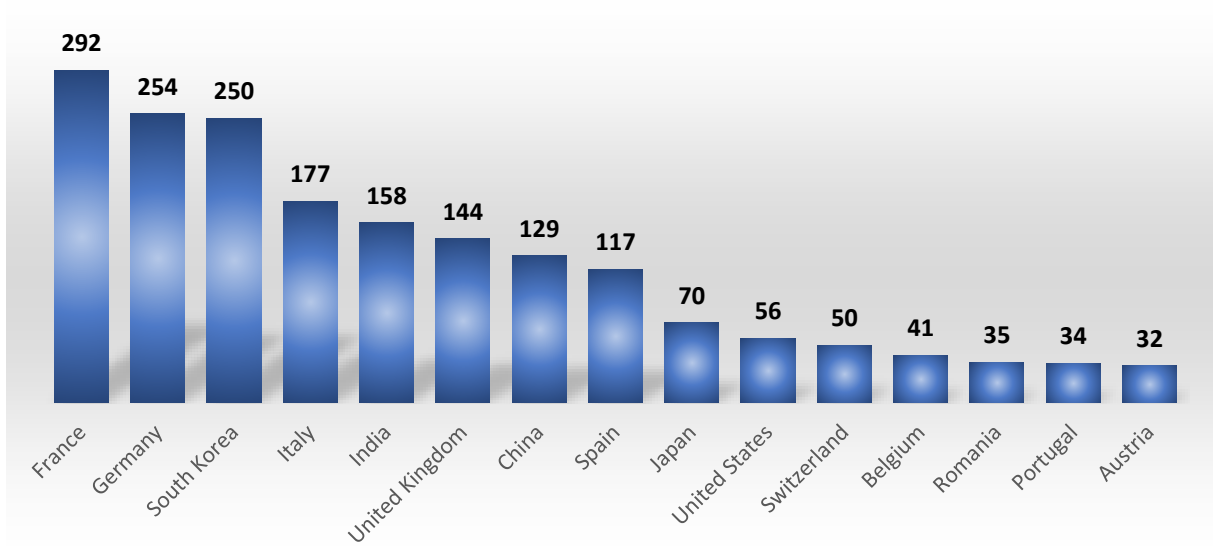

The 2026 E-MRS Exhibit will provide a unique opportunity to present innovative products and services of interest to the materials community.

| 23 Spring Meeting | 24 Spring Meeting | 25 Spring Meeting |
|----------------------------|----------------------------|----------------------------|
| 21 symposia | 22 symposia | 23 symposia |
| 2.200 attendees | 2.190 attendees | 2.335 attendees |
| 108 attendees/sympo | 100 attendees/sympo | 102 attendees/sympo |

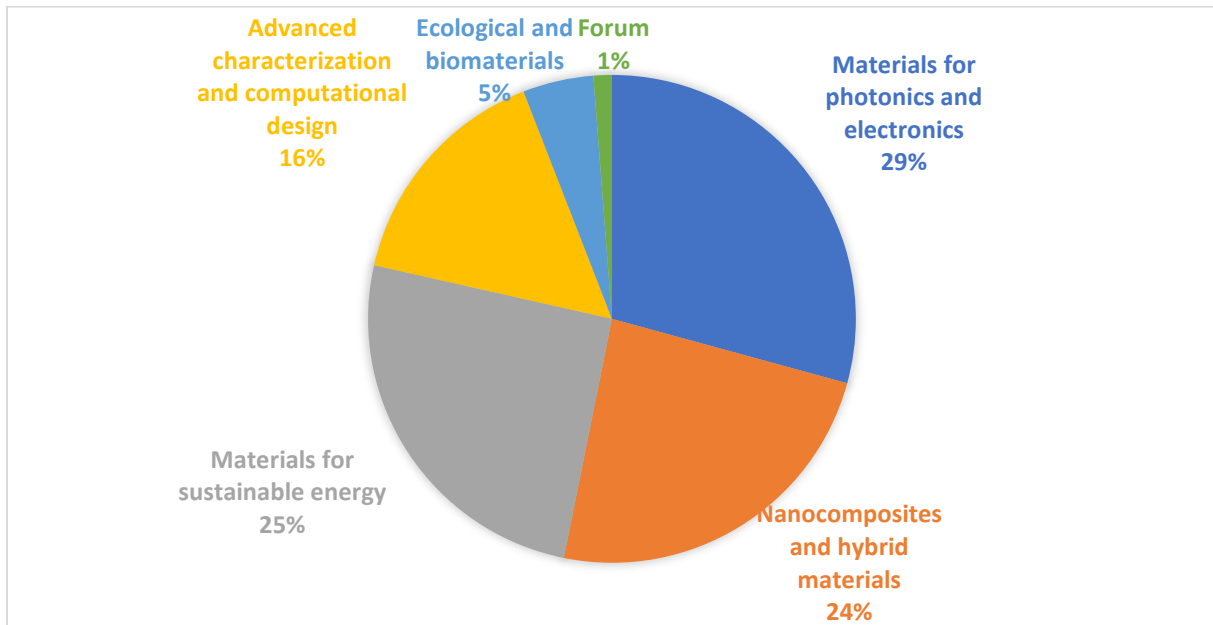

TOP 10 AT SPRING MEETING 2025 - GEOGRAPHICAL ANALYSIS

The E-MRS Spring Meeting draws an audience from 56 different countries. Representing quality and quantity, this audience comprises key decision-makers involved in the field of materials research.

E-MRS SPRING MEETING & EXHIBIT 2025 TOP 15 – Number of participants per country

E-MRS SPRING MEETING & EXHIBIT 2025 Distribution of participants per main topic

SCIENTIFIC PROGRAM 2026

THIN FILMS: FROM GROWTH TO PROCESSING AND APPLICATIONS

- A** Thin-film chalcogenide materials for PV and solar energy conversion
- B** Nano-engineered coatings and thin films: from design to applications
- C** Synthesis, processing and characterization of nanoscale multi functional oxide films X and 10th E-MRS & MRS-J bilateral symposium
- D** Hybrid integration and multiphysics nanomaterials for photonic devices and circuits
- E** Data-based methods and AI for the development and processing of advanced materials

MATERIALS FOR SUSTAINABLE ENERGY AND SENSING

- F** Engineered nanomaterials for energy and environment: from synthesis to applications
- G** Future photovoltaics based on earth abundant materials II
- H** Interdisciplinary approaches in materials science for addressing energy/ environmental challenges
- I** Nanogenerators and smart sensing systems
- J** NAnoMaterials for Energy applications
- K** Photo and electrochemical systems for value added synthesis
- L** Towards printed and stable organic photovoltaics from non-fullerene acceptors

MATERIALS AND TECHNOLOGIES FOR PHOTONICS AND ELECTRONICS

- M** Emergent ferroelectric thin films
- N** Innovation and sustainability through material laser processing: Advancing knowledge and emerging applications
- O** Polaritonics for next generation materials
- P** Chiral materials at all scales

HYBRID, FUNCTIONAL AND POLYMERIC MATERIALS FOR VARIOUS APPLICATIONS (BIOMEDICAL, CULTURAL HERITAGE, SUSTAINABILITY)

- Q** Polymer materials: frontiers in science, engineering and technology
- R** Chirality in inorganic solids: from dissymmetry to functional properties
- S** Material-related problems of neuromorphic technologies
- T** Nanocarbons II: from synthesis to advanced applications
- U** Nanomaterials for healthcare and biomedical engineering
- V** Nanoparticles in solution: synthesis, characterization and assembly
- W** Synthesis and characterization of functional nanocomposite materials
- X** Cultural Heritage: materials, methods, practice and innovation

INDUSTRIAL FORUM

The forum will take place in a separated seating area inside the exhibition hall. We offer all exhibitors with a booth to present themselves/their companies in one of two categories:

1. New industrial products and services
2. New opportunities and open positions at your company (e.g.: projects, jobs or internships).

Time slots available will be for 15 minutes (talk plus subsequent discussion/Q&A).

The forum is open to all participants. More details on:

<https://www.european-mrs.com/meetings/2026-spring/industrial-forum>

SPONSORSHIP & ADVERTISING

EMRS sponsorship enables companies to increase their visibility, enhance their brand image, showcase new products, and generate qualified business leads during the 2026 Spring Meeting conference and exhibition.

NEW – French companies and French-based subsidiaries

French companies, as well as French-based subsidiaries of international groups subject to French corporate tax, now have access to a **dedicated support scheme**, made possible through the *Fondation Jean-Marie Lehn*, a public-benefit foundation officially recognized by the French State and long-standing partner of EMRS.

This form of support is processed through the Foundation and is **eligible for a 60% tax reduction**.

It includes **institutional visibility** comparable to other EMRS support options (mention on the website, scientific program, and during the supported symposium).

In accordance with the rules applying to philanthropic support, **no commercial benefits or promotional services** are associated with this contribution.

This scheme allows French companies to be associated with the advancement of materials science while benefiting from an advantageous tax framework.

Procedure

The process is simple: please complete the dedicated form.

Once your payment has been validated, the Foundation will issue and send you an official tax receipt (*CERFA*) for your accounting records.

Other commercial options

Commercial options (booth, goodies, etc.) continue to be managed through the standard EMRS sponsorship form, separate from this scheme.

The following packages have been designed:

CONFERENCE SPONSOR PACKAGE 2.500 € (actual cost **1.000 €**)

- Company listed as “Conference partner”
- Logo on the conference webpage with a link to the sponsor’s webpage
- Logo on conference program (pdf version)
- Logo displayed at the Main entrance and Exhibition hall
- Logo in all event promotion emails
- Recognition during plenary session / Young Research Awards ceremony

SYMPOSIUM SPONSOR PACKAGE (2 symposia) 2.200 € (actual cost **880 €**)

- Company listed as symposium partner
- Logo on the selected symposium webpage with a link to the sponsor’s webpage
- Logo on symposium program (pdf version)
- Logo displayed at the entrance of the selected symposium room

SYMPOSIUM SPONSOR PACKAGE (1 symposium) 1.200€ (actual cost **480 €**)

- Company listed as symposium partner
- Logo on the selected symposium webpage with a link to the sponsor’s webpage
- Logo on symposium program (pdf version)
- Logo displayed at the entrance of the selected symposium room

BOOKING SYSTEM

French companies, as well as French subsidiaries of international groups that are subject to corporate tax in France and wish to benefit from the 60% tax reduction, may complete the following support form by clicking on this link:

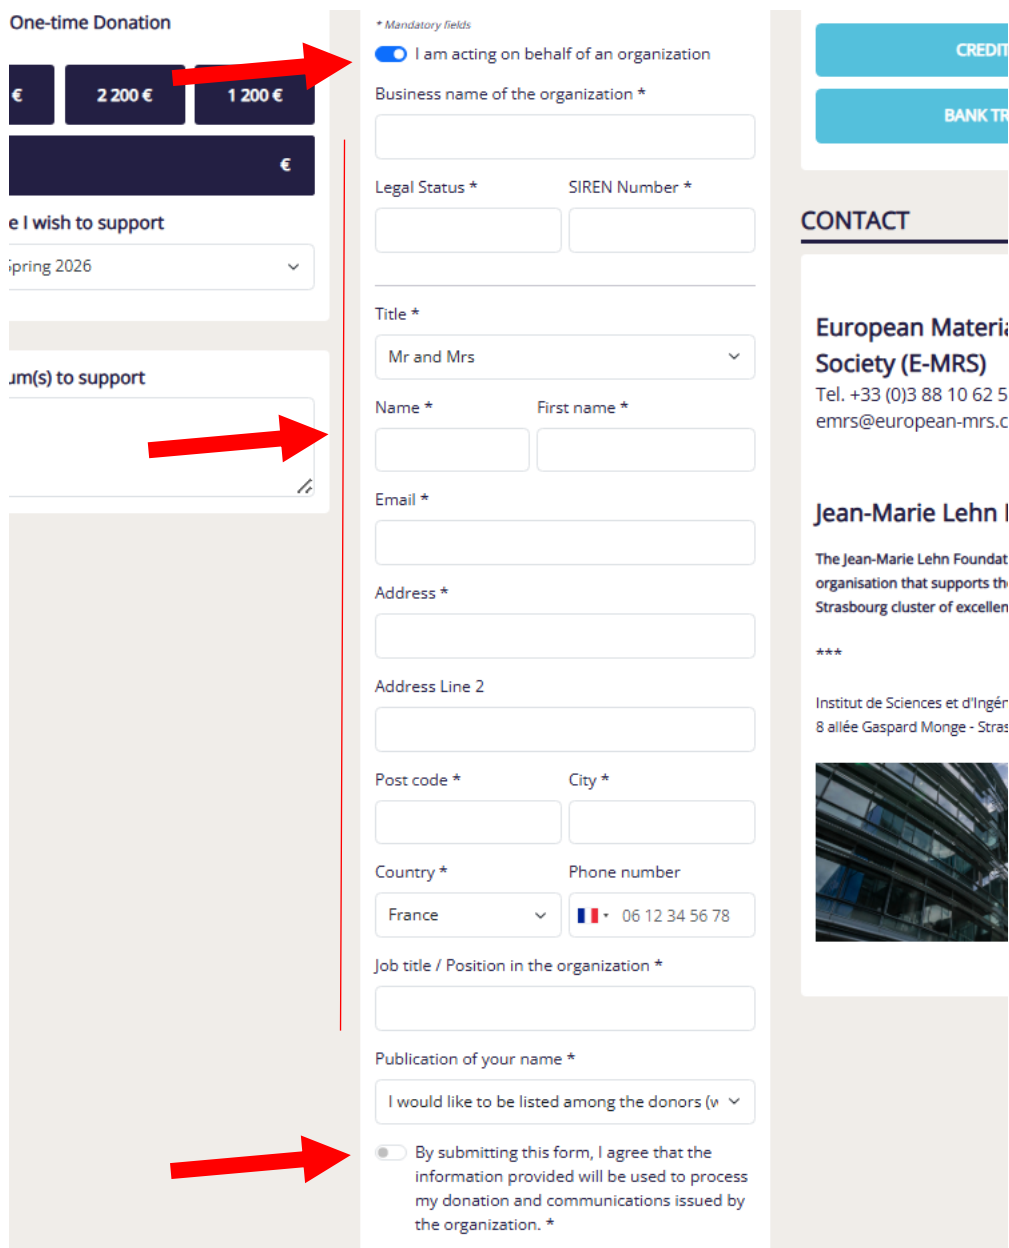

<https://don.fondation-lehn.fr/emrs-spring-2026>

1. Select the donation amount according to the available support packages, or indicate the exact amount if you wish to support more than two symposia (additional symposia may be supported at €1,000 per symposium).
2. Specify the symposium or symposia you wish to support (A, B, C, ...).

please use the donation form below.

| MY DONATION | MY DETAILS | MY PAYME |
|---|--|---|
| <p>I make a One-time Donation</p> <p> <input type="button" value="2 500 €"/> <input type="button" value="2 200 €"/> <input type="button" value="1 200 €"/> </p> <p>My amount <input type="text"/> €</p> <p>The cause I wish to support</p> <p>EMRS - Spring 2026</p> <p>Symposium(s) to support</p> | <p><i>* Mandatory fields</i></p> <p><input checked="" type="checkbox"/> I am acting on behalf of an organization</p> <p>Business name of the organization *</p> <p>Legal Status * SIREN Number *</p> <p>Title *</p> <p>Mr and Mrs</p> <p>Name * First name *</p> <p>Email *</p> <p>Address *</p> | <p>CONTACT</p> <p>European Society (€)</p> <p>Tel. +33 (0)3 emrs@euro</p> <p>Jean-Mar</p> <p>The Jean-Marie organisation th</p> |

3. Click on "I am acting on behalf of an organization."
4. Complete the form carefully — the information provided is required for issuing the CERFA tax receipt.
5. Click I agree to share my information for the processing of this contribution.

E-MRS sponsorship can raise awareness of your company, promote brand image and visibility, publicize a new product and generate quality sales leads. All requests will be accepted on a first come - first served basis.

If you choose a symposium sponsor package, please select the name of the symposium you would like to sponsor. If you are interested in financially support either the conference and/or a symposium with a different amount or more than 1.500 €, please contact us by email emrs@european-mrs.com.

The following sponsorship packages have been designed:

| CONFERENCE SPONSOR PACKAGE | SYMPOSIUM SPONSOR PACKAGE |

Thank you for your interest in the E-MRS activities. Your support to the 2026 SPRING MEETING & EXHIBIT will help the organizers provide a high-quality technical program and encourage participation from researchers all over the world.

Payment by bank transfer is preferred (bank details available at the bottom of the invoice).
If you want to pay by credit card through a secured weblink, please send an email to emrs@european-mrs.com

Please click on "Confirm order" to finalize your order.

Summary of the current order

| Designation | Quantity | Unit price taxes | |
